

NOTICE TO MARINERS No.10 of 2014

Reporting system

Notice is hereby given that from 0001 on Wednesday 1st January 2014, the reporting system will be modified (as highlighted in **bold** below).

PROCEDURE

(1) Participation in the Reporting System is compulsory for the following:

- (a) All vessels of LOA 20m or over;
- (b) All vessels carrying 12 or more passengers;
- (c) All vessels carrying dangerous cargo.

(2) Vessels should report both inward and outward bound to Barrow Port Radio on VHF Ch 12 when passing position 54° 03.0' N 003° 10.0'W (abeam Haws Point), **and when passing Lightning Knoll buoy or when entering/leaving the Outer Channel.**

NOTE: Vessels may not receive a response from Barrow Port Radio and should proceed with extra caution at such times.

(3) The report should include the following information:

- (a) Vessel's name
- (b) Intended passage
- (c) Other information requested

(4) Vessels should also report prior to leaving any berth or anchorage within the Port.

(5) Barrow Port Radio will provide the following details on request:

- (a) Traffic information relevant to the passage
- (b) Aids to Navigation availability
- (c) Tug availability and number
- (d) Berth allocation
- (e) Tidal or weather information
- (f) Other specific information (speed reductions required, dredging work, diving operations in progress etc.)
