

PORT OF SILLOTH NOTICE TO MARINERS

NO. 03/2020

Coronavirus Update

ABP has taken precautions to ensure that Pilots are healthy before they board your vessel and it is expected that ships take suitable precautions to ensure the health of ABP Pilots whilst they are onboard your vessel.

Mitigation measures onboard to reduce the transmission of COVID-19 should include:

- Rigorous cleaning of bridge and other equipment that the pilot would normally contact (VHF Radio handsets, chart tables, radar etc)
- Keeping a reasonable distance (2metres)
- Regular hand-washing and avoidance of touching the face
- Catching any coughs and sneezes with a tissue which is then disposed of
- Bridge team to be limited to critical crew members for the duration of the pilotage

Capt. T. Riley Harbour Master - Silloth Docks
