

NOTICE TO MARINERS

Maintenance Diving Ipswich Flood Gates

UTC BST

Mariners are advised that commencing from Monday 15th April Diving works will be being conducted on the inner flood sector gates in the Ipswich Lock by the Environment Agency.

The works will be conducted between 0800 and 1700.

The lock will be open to traffic outside of this time.

The works will run from Monday 15th through to Friday 19th April.

Free flow may be limited Tuesday-Thursday due to the low neap tides and the water not making the level.

These very low tides may also necessitate hourly lock in/outs to maintain sufficient water in the wet dock.

ONS will monitor VHF CH68 and can advise on revised free flow timings based upon any tidal cuts or surges being experienced.
