**No 011
2019**

NOTICE TO MARINERS

Orwell Bridge Pier 10 Cathodic Protection Scheme

On behalf of Highways England, Mariners and Port users are advised commencing on or around 27th August 2019 and for duration of around 10 days work will be carried out at the base of Pier 10 of the Orwell Bridge for the cathodic protection scheme on the sheet pilings. These works will be carried out two hours either side of the Low Water both AM and PM. A Safety boat will be operating in the vicinity and further information is available from Orwell Navigation Service on VHF Channel 68.

All vessels are requested to pass these operations at slow speed to avoid any wake or wash. Thank you for your cooperation.

Harbour Master

27th August 2019
