

NOTICE TO MARINERS

Dredging Work – Royal Harwich Yacht Harbour

UTC BST

Mariners are advised that dredging work is being carried out by the vessel 'Ben Michael' in the entrance channel to the Royal Harwich Yacht Harbour for 10-14 days (until approx. 23rd January 2021). Mariners are advised to keep a wide berth.

This work will involve removal of marina pontoons, and during this period the red navigation lights at either end of the marina may be unlit or their position unreliable. Particular caution is advised when navigating in this area, especially in the hours of darkness.

Divisional Harbour Master East Anglia

11 January 2021
