2020**

## **NOTICE TO MARINERS**

### **LOWESTOFT - SOUTH PIER HEAD FENDER REPAIRS**

Mariners and Port-Users are advised that works are schedule to commence on Saturday 18<sup>th</sup>, completing Sunday 19<sup>th</sup> January, to replace fender piles around Lowestoft South pier head. Works will mostly be in daylight hours.

The works will be undertaken from the Vessel 'Sheerkhan' with support craft 'Cargo of Dreams'. All craft will monitor VHF Ch.14.

The above works have been extended due to unfavourable Swell over the weekend. Mariners and Port Users are advised that the vessel "Flying Hart" will be installing Brackets to the Fendering on the South Pier on Tuesday 21<sup>st</sup> January 2020, during Daylight hours only. The vessel Sheerkhan will be installing 1 further Fender later in the week, exact date / time TBC.

Vessels wishing to enter or leave the port should contact Port Control to obtain information and get updated information on works. Vessels should only pass the work site/piers once permission has been granted. Small vessels should be able to pass through the piers during the works, however, should afford as wide a berth as is safe and practical, and pass at slow speed to reduce vessel wash. For large vessel movements, port control will liaise with the contractor to arrange a suitable time for the work vessels to clear the worksite to allow safe vessel transit.

Timings for the works will be subject to suitable weather and tidal conditions.

For further information please contact Lowestoft Port Control, (VHF Ch.14, Tel. 01502 572286).
