

PORT OF SILLOTH NOTICE TO MARINERS NO. 04/2023

SOLWAY FIRTH – Transfer of Ship’s Control Systems

NOTICE IS HEREBY GIVEN THAT; any transfer of any vessel control system shall be carried out as detailed below

Transfer of Ship’s control Systems

If control systems are being transferred between consoles, it is best practice that engine and thrusters are set to ‘Stop’ prior to changing positions and that the vessel is in a static condition.

It is preferable that there is no change of control during transit from outside the breakwater until inside New Dock. This should only be done in an emergency.

If a pilot anticipates transfer of control between consoles may not take place in a safe manner he is to raise the matter with the vessels Master.

Capt. Tim Riley – Harbour Master - Silloth Docks

17th February 2023
