

NOTICE TO MARINERS

BUNKERING CHECKLIST REVISION

Mariners and Port Users are advised that the Bunkering Checklist for Lowestoft Harbour has been revised.

This checklist is to be used for all bunkering operations in Lowestoft Harbour, except where the vessel's/company's own checklist require a similar or higher level of operational vigilance. Those vessels/companies, which can show that they operate to best practice, may continue to operate their own procedures, which should be recorded in the vessel's logbook.

The port still requests notification that a checklist has been completed and the time of starting and completing bunkering, as well as the quantity to be taken.

Copies of the checklist - Form LTM Bunkering - are available from Lowestoft Port Control, by fax 44 (0) 1502 586375, e-mail lowestoftportcontrol@abports.co.uk or by personal visit.
