

Greater Gabbard Offshore Wind Farm (GGOWF)

Marine Safety Notice

Seabed Survey

An XOCEAN unmanned survey vessel will be conducting seabed survey works at Greater Gabbard offshore windfarm. The vessel will be in operation at a number of locations across the Inner Gabbard and Galloper fields.

Site work is planned to commence w/c 13th April (subject to weather delays).

Doc Ref	SSE-NTM-002-2020
Date of Issue (original)	08/04/2020

Description of works:

Works will include a series of planned foundation and cable survey works and preparatory works for future heavy lift vessel interventions. All works are within GGOWL site boundaries.
